## THE INAUGURAL BREEDER SPOTLIGHT TEXAS LONGHORN HEIFER SALE

How many times have you heard someone say that the best part of the longhorn industry is the people? The goal of the Breeder Spotlight Heifer Sale is to place an emphasis on showcasing not only the sale animal but also showcasing the breeder of that animal. We have partnered with Hired Hand Software to create a unique catalog design that we feel does a great job of spotlighting both!

Participating in this inaugural event are 17 breeders representing KS, OK, MO & TX. They have entered 24 beautiful Texas Longhorn heifers that "spotlight" their program. We are very pleased with the quality of the consignments and hope you will be as well.

Hats off to this year's consigners!

**BREEDING:** Not Exposed.

**COMMENTS:** OCV'd. +F Lightning Yellow Hair is a perfect calf to spotlight our program and the direction we're heading with our new herd sire, TCC 50 Bullets. It's incredibly difficult to let her go as she was his only heifer for us in 2022, but we've started off 2023 with three heifers from him, so that makes it a bit easier. You'll love the look of Lightning in your pasture. She stands out with her flashy yellow hair, has a wonderful disposition and nice early horn growth. Don't pass on the chance to own the first heifer calf out of TCC 50 Bullets who was 79.5" TTT on his 3rd birthday.

## Crossfire Longhorns ROSE HILL, KS

On June 1, we celebrated 9 years raising Texas Longhorn cattle. It has been a journey full of lessons learned and getting a little bit better each year. We welcomed in a new game changing Herd Sire in July 2021, TCC 50 Bullets, bred by Bill & Judy Meredith. His sire is the 90"+ TTT TCC Gunsmoke and his dam is the 2018 top selling cash cow, the \$76K PCC 50 Dimples. We have 10 calves on the ground from TCC 50 Bullets and could not be happier with their calm disposition, conformation, early horn growth and color variation. Our new slogan is "Making Every Shot Count" and we feel TCC 50 Bullets is going to make that happen for our program.

Longhorn cattle are a passion for our family. Between friends, family and the animals, it blissfully becomes our peace. We enjoy gazing upon the horizon or down in a valley just to see the frolicking critters or a new one wet behind the ears. Being a Butler and knowing the history, that lineage has definitely resonated within me, especially since I was raised only 1.5 hours from Milby Butler's place. Because of this, our goal is to strive to keep our cattle true and by the book by preserving and promoting animals that bear the unique characteristics of our breed. ## DG Longhorn Ranch

### MIAMI, OK

We are a small ranch in Northeast Oklahoma. Like most breeders, we work to produce marketable cattle, but a primary goal for us is good temperament. We do strive for quality animals that will do well for other breeders, but also sell for healthy beef and "pasture art." Talking about longhorns is one of our favorite past times and we always enjoy visitors.

# Montgomery Briggs Ranch presents MBR MISS DOROTHY

DOB: 4/28/2021 | PH#: 214 | REG: CTI330018

SIRE: TKR TUFF FLEA FLICKER | DAM: RRR MISS WANDA 615

**COMMENTS:** OCV'd. MBR Miss Dorothy is a gentle, sweet heifer. She has a long body, is easy to work and holds her body condition, even through the winter. Her dam, RRR Miss Wanda, is 93" TH and 82.5" TTT and brings in Watson 821 and WS Jamakizm breeding. Dorothy's bottom side granddam, Watson 821 is 88" TTT and her grandsire is Cowboy Tuff Chex, with her top side granddam being RRR Miss Becca. Dorothy's working on that up and out horn set, like both her granddams! She's out with our herd sire, LTL Vin's Maverick, who measured 81.25" TTT two months after his 3rd birthday! He's out of WS Vindicator and his dam has a great lateral twist! Other notables in his pedigree are WS Sun Star, WS Sun Rise, Tejas Star and ECR Eteranal Tari! This should be a knockout combination!

## Montgomery Briggs Ranch GALT, MO

We both grew up in Northern Missouri on crop and cattle farms. After college, we ventured south to Nashville for 12 years! In 2019, Logan bought his first two cow/calf pairs for our Tennessee farm and what had started with just a few, grew quickly! Kortni's love also grew for the majestic animals! We started hitting all the sales, three kids in tow and loved every minute of it. We ventured back to Missouri in the Fall of 2022 to grow the herd and go full force. We AI to bring in top-notch pedigrees (Kortni loves this breeding strategy) and just acquired our herd sire at the beginning of this year after a lot of research. We love being a part of the Longhorn community! We look forward to meeting anyone we haven't yet to grow in our knowledge and continue the awesomeness this Longhorn world has to offer!
